

## Overview

---

A 2000W solar generator can power most household appliances including the refrigerator, TV, microwave, hair dryer and fan.

2000W is not enough to power an entire home. At most, it can support 2-3 appliances. A house needs thousands of watts to power everything at the same time. To power your entire home, get a permanent solar power.

It depends on its battery capacity. Most 2000W solar generators have a 2kWh battery that can power appliances for a few hours. And if you are just charging your phone or laptop, the.

Some 2000W solar generators have an outlet that lets you plug in your RV. But an output of 2000W will not be enough to run everything in your RV.

A 2kW solar generator is excellent for camping, though it might be a bit heavy. It can power most camping appliances and electronics for hours or days.
