How does the AWD system work? , Cadillac Owners Forum

It seems the that front wheels never actually had power to them. People outside said the front wheels never spun like the rear and if they had power to them, I would have been fine. I have/had AWD drive vehicles (Lexus/Infiniti) and know how those work

service steering system light , Cadillac Owners Forum

So last night I turn on the car drive off for about .25miles and my steering wheel becomes tight and the Service Steering System light Well I took it in to the dealer and they came up with this """"sorry Mr.Affara your STS will need a new power steering gear

possible power steering problem , Cadillac Owners Forum

Hi. 2005 STS V8 1SG here with 30,000 miles. I have noticed lately at slow speed like when pulling into a parking space or other low speed maneuvering that the steering feels very heavy. Heavy enough that it feels as if the power steering has gone out. There is no

remove and refill power steering fluid , Cadillac Owners Forum

I can understand wanting to periodically change power steering fluid. It ages, may have moisture in it over time, and it'll have debris in it from the system breaking down over time. Not 'breaking down' as in broken, but normal wear-and-tear. My W124 Mercedes even

Cadillac STS Service StabiliTrak: Meaning + How to Fix

One of the most common issues with the Cadillac STS, or any newer GM vehicle, is the "Service StabiliTrak" warning. StabiliTrak is GM's electronic stability control system. It does much more than a standard traction control system. It is one of the most innovative and vital safety features on your Cadillac STS and can
