

405W photovoltaic panel specifications

Overview

405W Solar PV Panel, 108 Cells, Black, IP68
Dimensions: 1724 x 1134 x 30mm
Weight: 20.5kg
Mono-crystalline 182mm (2 x 54 pcs)
All black cell and frame design
IP68
Connector: MC4 EVO2
What is a 405 W solar panel?

Most of the 405 w solar panels are 72 and 144-cell modules. 144-cell panels are usually based on half-cell technology. It decreases the losses from partial shading, further adding to the energy output of a panel. Overall, it is a highly productive module which can work at more than 20% efficiency.

Are 405 watt solar panels a good choice?

405 watt solar panels are a great example of how high technologies become accessible in everyday life. While these modules are a good choice for a residential installation, 405W solar panels are also well suited for commercial projects.

How much does a 405w solar panel cost?

For instance, JA Solar 405W panels are only 200\$ per item. The size depends on the number of cells, brand and wattage. On average, 405 w solar panels are around 78x40 inches. With a larger space covered, they provide more energy, which is especially good in commercial systems. However, as for residential use, they may not fit onto every house roof.

What is a Longi Hi-mo 5 405w fullblack solar module?

The LONGi Hi-MO 5 405W Fullblack solar module combines aesthetic design with top performance, ideal for those who value both visual elegance and high energy efficiency. With a 25-year performance guarantee and a 12-year product guarantee, LONGi Solar offers investment security and confidence in the longevity of its solar modules.

What is Viridian pv16-405-m10?

The Viridian PV16-405-M10 is a 405W solar panel from the Clearline Fusion

range. Designed for roof integration, this M10 panel combines monocrystalline silicon cells with a black backing sheet and a black frame for optimum aesthetics and performance.

Which solar panel has the highest power density?

The highest power panels combine monocrystalline silicon cells with a black backing sheet and a black frame for the last word in high specification aesthetics. Available as a 405Wp panel (product code PV16-405-M10), the M10 panel has the highest power density (Wp/m²) and efficiency in the range.

405W photovoltaic panel specifications

Longi 405W 54 CELL Solar Panel 30MM , Monofacial

The Longi 405W 54 CELL Solar Panel offers an excellent 20.7% maximum efficiency. Ideal for residential applications, Longi solar panels also feature lower resistive loss with lower ...

[Longi 54c HiMo5 405W All Black Mono](#)

Longi's all-black 405W Hi-Mo5 panels are made up of 54 cells, providing a great power to size ratio and excellent performance - achieving over 20% efficiency. The product family is suitable ...
