[80-100 alien power system brushless motors](#)

I have 2 80-100 brushless motors from alien power systems. I haven't flown in about a year so I'm selling my stuff off to help fund a paramotor. I'm asking \$100 for the pair. I can't find one of the accessory packs, I had planned to order the mount from HK but I never

[Alien Power Systems ESC Control with Arduino](#)

Hi, I am trying to control an ESC connected to a brushless motor with the help of Arduino. The purpose of my program is just to familiarize myself with controlling the speed of the motor. My esc is connected to a pwm

**25kW Alien Power Systems motors ? ,
Endless Sphere DIY EV ...**

Price is not really the issue, you dont see too many high power rated, low KV, RC motors advertised, and we all know you would not expect to get anything close to 25kW out of this in a vehicle situation, so the question is, for a solid 10kW output, direct
