Who is apex energy?

Apex Energy specializes in the design and installation of residential and small-scale commercial solar. They also provide EV charging, battery backup, and roofing services. Their service area includes New York, New Jersey, Vermont, New Hampshire, Connecticut, Rhode Island, Massachusetts, and South Carolina.

Where is Apex Solar power located?

6 Cedar St, Malone NY, 12953 64 Main St, Queensbury NY, 12804 93 Church Rd, Canton NY, 13617 Apex Solar Power reviews and complaints, reviews of the brands of solar panels they sell, their locations and the cost of installations reported to us for 2024. Get the best deal.

Which states does apex energy service?

Their service area includes New York, New Jersey, Vermont, New Hampshire, Connecticut, Rhode Island, Massachusetts, and South Carolina. Apex Energy has helped thousands of homeowners take control of their electric costs and gain energy independence. The mission of Apex Energy is to provide the easiest path to a more sustainable way of living.

Is Apex Solar a good company?

Apex Solar did an excellent job through the entire process. I am seeing substantial savings on my electric bill and now that it is spring my system is producing more electricity than I use. Great Job! When picking who we were going to work with for our residential system. It was tough to decide. However I couldn't be happier that we chose Apex.

Why did Apex start net-filling a solar bank?

Any production loss was negligible in this crucial spring period when we begin net-filling our annual solar bank in order to limit our monthly National Grid

electric bill to an \$18 meter charge. Thanks, Apex, for the continued excellence in system design along with exemplary service support!
