

# **Average utility scale ESS price per 10kW in Czech**

## Overview

---

How much does an ESS system cost?

Increased competition in the commercial ESS space Government incentives (e.g., tax credits in the U.S. and Europe) make systems more affordable. For example, in 2022, a 100 kWh system could cost \$45,000. By 2025, similar systems could sell for less than \$30,000, depending on configuration.

How do you convert kWh costs to kW costs?

The \$/kWh costs we report can be converted to \$/kW costs simply by multiplying by the assumed 4-hour duration (e.g., a \$300/kWh, 4-hour battery would have a power capacity cost of \$1200/kW). To develop cost projections, storage costs were normalized to their 2024 value such that each projection started with a value of 1 in 2024.

How much does a 100 kWh solar system cost?

For example, in 2022, a 100 kWh system could cost \$45,000. By 2025, similar systems could sell for less than \$30,000, depending on configuration. Why invest now?

.

How much does a 100 mw/400 MWh installation cost?

For a typical 100 MW/400 MWh utility-scale installation in Europe, hardware and equipment costs currently range from €40 to €60 million. However, these costs are expected to decrease by 8-10% annually as manufacturing efficiency improves and supply chains mature.

Are turnkey systems cheaper in Europe?

Kikuma says that one interesting trend the survey identified in the next two biggest regions after China was that while systems were cheaper in Europe in 2023, last year, the US overtook—or indeed undercut—European prices for

2-hour and 4-hour turnkey systems.

### Home Energy Storage (Stackble system)

- High Efficiency
- Easy installation
- Safe and Reliable
- Perfect Compatibility

#### Product Introduction

- Scalable from 10 kWh to 50 kWh
- Self-Consumption Optimization
- Integrated with inverter to avoid the compatibility problem
- LFP battery, safest and long cycle life
- Stackable design, effortless installation
- Capable of high frequency
- Emergency Backup and Off-Grid Function
