

Backup power supply for iphone

4

Overview

Now that you're set up, you can enjoy the ease of wireless charging—just drop and charge your enabled iPhone and Power On The Go Backup Battery on any Powermat. And, if you need power while out and about, just connect your iPhone to your Power On The Go Backup Battery for up to a full charge anytime.

Whether you're looking for a particular color wireless case or want to power multiple devices, Duracell Powermat has a charging systems designed for you. To learn more.

Q.Do I need a Duracell Powermat Wireless Case to wirelessly charge my device?

A.Yes, your device needs to communicate with the Powermat so that energy can be.

Should I buy a portable power bank for my iPhone 15 Pro?

A portable power bank is the best way to ensure your iPhone 15, iPhone 15 Pro, or any of the other best iPhones keeps going until the end of the day. There's nothing worse than being caught in a precarious position with a low battery. Luckily, there are many portable battery pack options to choose from, so you always have backup power on hand.

Which power bank is best for reviving an iPhone?

UGreen's 145W power bank is a solid choice. It offers 25,000mAh of juice, and one of its three ports offers 100W charging speeds over a USB-C connection, making it great for reviving an iPhone more than five times from a single charge of the bank. It's a premium option, but worth the expense given the quality on show. 2. Anker Portable Charger.

What is a USB power bank?

Most people can find use for a USB power bank (also called an external battery pack, backup battery, or portable charger) to keep phones and other devices charged while on the go. Rather than tracking down a wall outlet,

owning a USB power bank allows you to enjoy a conveniently portable (albeit limited) power supply.

What is the best battery pack for iPhone 15?

Also: The best iPhone 15 cases This Anker battery pack offers 6,600mAh of battery capacity, features a USB-C port that is used both as an input and output, and has a compact design. With a single magnetic click, this battery pack can be stored in your pocket or propped up using its sturdy magnet as a stand.

Which USB-C charger should I buy for my iPhone 15?

If you're looking for a new power bank for your new USB-C equipped iPhone 15, Anker's Nano Power Bank with an integrated foldable USB-C connector is an appealing choice -- and it also charges Android devices (or anything with a USB-C charging port). It's available in multiple color options.

What is the best power bank for iPhone 15?

The Anker Nano 10,000mAh 30W is a power bank with a twist, and that twist is a built-in USB-C cable -- making it a great option for the iPhone 15. This cable is a decent length at 0.6ft (19cm) and can be used for both charging the power bank and charging other devices.

UPS Power Supply & Battery Backup

A UPS (Uninterrupted Power Supply) is a backup battery that keeps the equipment plugged into it running in the event of a power outage. It's not just a glorified power bank, because the UPS detects interruptions in the power and automatically switches the connected devices to running off the UPS battery, so they don't shut down.
