Home , Canigou Sun Bear

Sun Bear is an innovative solar and energy storage project located in the four corners region, and represents a \$1.5 Billion investment for Southwest Colorado. The project is being built on 5,500 acres of land and on completion will generate enough clean energy to power more than 250,000 homes during peak generation.

Bear Solar review

Bear Solar, getting our badge of an Average Performer, maintains a presence across 1 state, supported by a third-party rating of 4 or less. They do not have a high level of local community trust, earning 4.0, according to our expert evaluation. This badge means they are somehow reliable, but you need to pay more attention to what they have to offer. While Bear ...
