Our metal enclosures are designed to enable energy collection, storage and use. anywhere! The durable exterior means they perform well outside in harsh weather conditions – anywhere energy might be collected. You may want to collect energy in one location and use it in another. Our enclosures make for a.

We'll work with you to understand the health and safety protocols that need to be followed to keep your maintenance operators safe. All.

The environment is always doing its best to destroy batteries, and portable batteries are often required in the most demanding locations – on flooded sites, out in all weather conditions, day.

Our customers like their new enclosures to be easily identifiable and look the part on-site. Our enclosures are finished with a high quality and robust electrostatic powder-coating- available.

Every Amcanu enclosure is designed and built to be fully bunded – pro-actively reducing the risk of accidental contamination from.
