## Overview

---

What is a waterproof locker?

The Waterproof Locker is a deployable storage container. It is crafted using the Fabricator. The Waterproof Locker can only be placed in the water and cannot be placed in a Seabase. When dropped, it floats in the water similarly to the Beacon and can store up to sixteen items in a 4×4 space. It takes up a 2×2 space in the inventory.

Is it possible to deconstruct waterproof lockers?

Hi! In early game I made a lot of Waterproof Lockers to save a lot of materials, but now with my base created and the regular lockers, I don't need it anymore. Is it possible to deconstruct them like the constructions you made?

Or only abandon it in the middle of the sea?

You can't deconstruct them.

How many items can a waterproof locker store?

When dropped, it floats in the water similarly to the Beacon and can store up to sixteen items in a 4×4 space. It takes up a 2×2 space in the inventory. Once dropped, it cannot be picked up unless it has an empty inventory. An editable label is located on the top of the Waterproof Locker. It can support up to ten characters.

Can a waterproof locker be placed in a Seabase?

The Waterproof Locker can only be placed in the water and cannot be placed in a Seabase. When dropped, it floats in the water similarly to the Beacon and can store up to sixteen items in a 4×4 space. It takes up a 2×2 space in the inventory. Once dropped, it cannot be picked up unless it has an empty inventory.

What is waterproof locker in below zero?

This article is about Waterproof Locker in Below Zero. [Click here](#) for information on this subject in Subnautica. Small storage solution that maintains position in the water. The Waterproof Locker is a deployable storage container. It is crafted using the Fabricator .

How do I carry a waterproof locker?

When in the storage it can be picked up when in storage, making the only way to carry a Waterproof Locker with items in it. The name on a Waterproof Locker will stay the same when it is picked up by the Prawn Suit and placed back into the water. Place the Waterproof Locker anywhere by dropping it with the appropriate button.
