

# Canadian solar 36 kw inverter

## Overview

---

What is a Canadian Solar inverter?

Canadian Solar's grid-tied, transformer-less string inverters help accelerate the use of three-phase string architecture for commercial rooftop and small ground-mount applications.

How many kWh can a Canadian Solar inverter store?

The new product is available in four versions with a storage capacity ranging from 9.9 to 19.9 kWh. The battery inverter comes with a 10-year warranty and can reportedly provide steady operation for up to 6,000 charge cycles. The EP Cube storage system. Image: Canadian Solar.

What is a grid-tied string inverter?

Canadian Solar's grid-tied, transformer-less string inverters help to accelerate the use of three-phase string architecture for commercial rooftop and small ground-mount applications. An NRTL approved, cost-effective alternative to central inverters.

Who is Canadian Solar Inc?

CANADIAN SOLAR INC. is committed to providing high quality solar products, solar system solutions and services to customers around the world.

Is Canadian Solar a bankable company?

As a leading manufacturer of solar modules and PV project developer with over 14 GW of premium quality modules deployed around the world since 2001, Canadian Solar Inc. (NASDAQ: CSIQ) is one of the most bankable solar companies worldwide. CANADIAN SOLAR (USA) INC.

What are NRTL approved inverters?

An NRTL approved, cost-effective alternative to central inverters, these

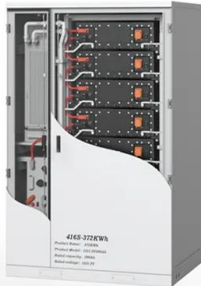

inverters are modular design building blocks that provide high yield and enable significant BoS cost savings. They provide up to 98.6% conversion efficiency, a wide operating range of 200-800 VDC, and four MPPTs for maximum energy harvest.

2. Safety Instructions~~ CanadianSolar  
WARNING To reduce the risk of fire, branch circuit over-current protective devices (OCPD) are required for circuits connected to the Inverter. CAUTION The PV array (solar panels) supplies a DC voltage when exposed to light.

### Canadian Solar inverters

CSI Solar 3-9 kW String Inverters with DC Box  
The CSI Solar 3-9 kW String Inverters with DC Box is a proficient single-phase power inverter offering an impressive maximum efficiency of 98.1%. It's an ideal choice for residential solar energy systems, ensuring
