"EV Battery Station CHITOSE" Starts Operations

Hokkaido is an ideal location for renewable energy, ranking first in Japan in terms of the potential for the introduction of wind power, solar power, and other renewable energies (Note 3). However, compared to other regions, there are more restrictions on connecting renewable energy to the power grid, creating a bottleneck in the spread of itself.

Achievements

Owner: Minakami Kamiwabuchi Hydro Power LLC
Location: Minakami City, Tone District, Gunma Prefecture
Date of operation: June 2022
Rated Output: 195kW
Additional information: This power plant will utilize facilities from historic power stations in addition to
