

Clarke power systems missouri

Overview

Who is Clarke Power Services?

With Clarke Power Services, you're working with the industry leader in providing individual and comprehensive repairs for all makes and models of on- and off-highway trucks. Our team of expert, intensively-trained technicians provides a one-stop shop to get your resources back to being fully operational.

How many Clarke power services locations are there?

Clarke Power Services' expert technicians provide repairs and customer service at 23 locations and 180-plus mobile trucks across nine states.

What training does Clarke power services offer?

Clarke Power Services offers training on Allison Transmissions, Detroit Diesel engines, and Mercedes-Benz engines at their high-tech training centers in St. Louis, MO, and Knoxville, TN. Clarke Power Services trainers can also tailor classes to meet the specific requirements of their customers.

What makes Clarke Power Services stand out?

Clarke Power Services stands out because of their extensive continuing education that turns out true experts on a variety of makes and models. To be the best, they believe in this approach.

What is Clarke Power Services' cancellation policy?

Clarke Power Services' cancellation policy requires notices at least 5 days before the class starts, with a \$100 fee for not following this policy. Clarke Power Services also reserves the right to cancel or reschedule any class. Classes start at 7:30 a.m. and end around 4 p.m. each day.

Who is Clarke Powergen?

Clarke PowerGen provides the expertise and superior customer service necessary for the optimal service and maintenance of generators and fire pump driver engines. Our professionals ensure the smooth functioning of the equipment that's essential for your company's operations.
