What are Solar System coloring pages?

Solar System Coloring Pages are a great way for parents and teachers to help kids learn about the planets, moons and other objects in space. Our solar system is comprised of the sun, its planetary system of eight planets and various non-stellar objects. Use a mnemonic to remember the names of the planets. Teach the colors of each planet.

How do you color a solar system?

This solar system coloring page lets you see the solar system from a different perspective. Each planet is lined up in orbital order around the sun, waiting for you to bring them to life in color. I would suggest starting with the Sun and using warm reds and oranges. Color Earth in cool blues and greens as well.
