Overview

Where do you install solar panels in South Wales?

From our Cardiff base, we regularly install, design and maintain solar panel systems across South Wales including Newport and Swansea, and further afield in Bristol. Our solar panel installations are backed by HIES, the Home Insulation and Energy Systems insurance backed guarantee and all our installation teams are fully MCS accredited.

Who is South Wales solar?

South Wales Solar. We're a South Wales, family business. We live and breath local, and we're committed to this community and the people in it. Solar panels are already saving millions of people, millions of pounds, and as technology has improved, the cost of implementation has decreased.

Why should I install solar panels in Wales?

By installing solar panels in Wales with Green Energy Solar, you can reduce your energy bills and protect yourself from market price hikes. Contact Green Energy Solar to kickstart your journey to energy independence today. Looking to enquire about installing domestic solar panels, but still have a few questions?

.

What is Cymru solar?

Cymru Solar provides a complete service for commercial solar systems from the start of a project, through to full system design and installation. We work with the Distribution Network Operator (DNO) to ensure they produce a system design to maximise your investment opportunity and system efficiency whilst meeting all statutory requirements.

What is the solar irradiance in South Wales?

The solar irradiance in South Wales is essentially the same as that for Oxfordshire in general, where a typical solar photovoltaic system will produce about 1 MWh of energy per year for every 1 kWp of solar panels installed [[link](#)]. By comparison, the average UK household consumes about 4.6 MWh of electricity per year [[link](#)].

What are the benefits of solar energy in South Wales?

With a solar energy system in South Wales, your home or company will be able to generate plenty of electricity for your own usage, plus you'll be able to generate income from the Feed-In Tariff scheme [[link](#), [link](#)].
