

# Cyberpower intelligent backup power cps320sl

## Overview

---

What is the Cyberpower systems cps320sl?

The CyberPower Systems CPS320SL is the ideal model for entry-level computer systems. The CPS320SL guards against surges, spikes, sags, brownouts, and other power abnormalities. It also protects your computer system and valuable data during a power outage. PowerPanel Software is included with each model.

What is included with the cps320sl?

PowerPanel Software is included with each model. In the event of a power outage, PowerPanel Software automatically saves and closes open files and then shuts down the computer system in an intelligent and orderly manner. The CPS320SL comes with a three-year warranty and a \$30,000 Connected Equipment Guarantee.

What is the warranty on the cps320sl?

The CPS320SL comes with a three-year warranty and a \$30,000 Connected Equipment Guarantee. Diverts excess voltage away from sensitive electronic equipment during an AC power surge or power spike to prevent damage.

Will Cyberpower repair or replace a defective UPS system?

CyberPower will repair or replace a defective UPS system (including batteries) within three years of the purchase date. See warranty for details. CyberPower will repair or replace properly connected equipment if it is damaged by a power surge.

Does Cyberpower have a SNMP card?

CyberPower's built-in charger allows batteries to return to full capacity more rapidly. By installing a SNMP card on the UPS, users can monitor and manage the system through the network. Users can also perform management tasks such as UPS scheduled shutdown, startup and reboot.
