

Dehong Photovoltaic Factory Hollow Board

Overview

Where will Zhonghuan's solar cells be produced?

All solar cells produced at the factory will be supplied for Zhonghuan's PV module products. Haitai Solar says it has canceled an investment deal in the city of Yancheng, Jiangsu province, for a 10 GW TOPCon cell factory, citing uncertainty over land-related concerns.

Is Sihong a Zero-Carbon factory?

The Sihong plant, recognized as a Jiangsu Provincial Green Factory and recipient of the French Certisolis' low carbon footprint certification, is transitioning to a zero-carbon factory. In September, the plant achieved 100% renewable energy production for all PV modules, a significant step towards its carbon neutral objective.

Is Sihong a four-star Zero Carbon factory?

The evaluation confirmed that the Sihong plant boasts a 99% greenhouse gas offset and is powered entirely by renewable electricity. These achievements qualify the plant as a Type I Four-Star Zero Carbon Factory, cementing its position as a frontrunner in the PV sector.

Will Yongfu build a self-funded PV farm in Bangladesh?

Fujian Yongfu Power Engineering said it will work with a local partner to build a self-funded PV farm with a capacity of 95 MW in Chittagong, Bangladesh. Yongfu will contribute 87% of the total funding. The project is expected to take approximately one year to build, with a 20-year operational period.

Dehong Photovoltaic Factory Hollow Board
