The last hardware update to Denon's flagship amp (A1SE) involved the same logistics and cost £600. When I got my A1-SR upgraded to A1-SRA it was around £200 iirc. Admittedly a much simpler upgrade, but the logistics were the same. The only reason that Denon have priced it at £1200 is because

## Denon AVP-A1HDCI Surround Sound Processor and POA-A1HDCI Power

Denon's new AVP-A1HDCI sports 12 configurable XLR fully balanced output channels. It handles all the newest codecs, including DTS-HD Master Audio and Dolby TrueHD. Using its Denon Link, along with a DVD player that also has the Denon Link, you can play SACDs with the native DSD bitstream being sent to the processor for decoding (no conversion to PCM ...

[Denon Avc A1hd \(£3800\) , Hi-Fi News](#)

Price-wise, the AVC-A1HD amplifier's £3800 ticket nestles between Denon's flagship AVR-4308 receiver (£2000, HFN, Dec '07) and its new £10,000 A1HD multichannel pre/power combination. But of far more relevance is its position against its only serious competition - Yamaha's DSP-Z11 (HFN, Apr '08) and Pioneer's SC-LX90, both at £5000.
