Swing by your local Staples store today or download a printable version of our recyclable items to reference or share with your community. Store management has the right to refuse to accept items that may pose a health or safety risk. When you recycle your eligible.

Staples does not currently accept single-use alkaline or lithium batteries or automotive/wet cell batteries. Does Staples recycle batteries?

Battery recycling also helps reclaim re-useable metals and chemicals from the original battery. Although you can't include batteries with your regular household recycling pick-up, Staples stores across Canada accept used batteries at the in-store recycling centres.

Does Staples offer a free battery recycling box?

Beginning in April, the retailer will offer a free battery recycling box (while supplies last), in which consumers can collect batteries at home and return them to Staples for free recycling. Staples has leveraged consumer recycling behavior research from MIT and partnered with Call2Recycle and ERI to design the program.

Can you throw a battery in the garbage at Staples?

Do not throw it in the garbage for any reason. All the batteries collected at Staples are picked up through the Call2Recycle Canada collection and recycling program. Once your batteries are picked up for recycling, they are transported to a sorting facility where they are sorted and separated according to type, size, shape and chemistry.

Does Staples recycle cartridges?

Staples will accept additional cartridges for recycling, but points will only be issued for up to the monthly recycling limit of your Easy Rewards account. All Staples stores except for our smaller-format stores in New York City and Washington, D.C. accept electronics for free recycling every day they are open. Find a Staples near you.

Does Staples accept electronics for free?

All Staples stores except for our smaller-format stores in New York City and Washington, D.C. accept electronics for free recycling every day they are open. Find a Staples near you. Unlike many municipal programs, some other national retailers, and other local recyclers, recycling all eligible items at Staples is always free and convenient.

Will Eri recycle Staples batteries?

ERI will responsibly recycle the batteries collected at Staples stores and provide all their component precious metals and materials back into the circular market for beneficial reuse. This post has been read by 2251 executives in the retail industry.
