

Elliott power systems generator parts

Overview

Where can I get information about Elliott turbine generators?

EBARA CORPORATION 901 North Fourth Street Email: info@elliott-turbo.com
GLOBAL SERVICE Consult Elliott Group's entire Elliott Steam Turbine
Generators catalogue on DirectIndustry. Page: 1/8.

Why should you choose Elliott turbine generators?

POWER TO MATCH YOUR NEEDS Elliott's focus with every customer is to select the right turbine generator to do the job. Tens of thousands of flexible, reliable Elliott steam turbines are driving generators, pumps, compressors, fans, blowers and many other industrial plant applications.

What standardized turbine models does Elliott offer?

Elliott's product portfolio also includes several standardized turbine models for industrial and mechanical drive applications. Elliott YR steam turbine models are standardized and components are inventoried resulting in shorter lead times and quick turnarounds. Because of their.

Who is Elliott Group?

Elliott Group is a wholly owned subsidiary of Ebara Corporation, a major industrial conglomerate headquartered in Tokyo, Japan. EBARA CORPORATION 901 North Fourth Street Email: info@elliott-turbo.com GLOBAL SERVICE Consult Elliott Group's entire Elliott Steam Turbine Generators catalogue on DirectIndustry.

How many Elliott yr turbines are there?

More than 35,000 Elliott YR turbines have been sold around the world. Elliott's larger, multivalve turbine can be configured to meet the most demanding applications up to 50 MW, including extraction and induction. Cost-effective co-generation of electricity begins with "the right mix." The right mix starts with a predictable steam supply.

What is an Elliott yr steam turbine?

Elliott Overview Elliott YR steam turbines are rugged and reliable pieces of precision turbomachinery. These masterpieces of Elliott engineering and craftsmanship serve thousands of customers continuously day and night under conditions ranging from humid tropical heat and rainfall to freezing icy tundra and snowfall.
