

Empower energy solutions

Overview

Who is empower energy?

Empower Energy is a leader in cutting edge distributed energy solar battery hardware and software solutions including virtual power plants based in the Northern Beaches in Sydney, Australia. Our technology is on track to be the first commercially viable, mass-market energy storage solution in the world.

What is empower energy solutions?

Empower Energy Solutions aims to be a catalyst for positive change in the world. With a strong commitment to saving customers money, protecting the environment, and giving customers control over their energy usage, Empower Energy Solutions offers a range of solar options for both residential and commercial customers.

Why should you choose empower energy solutions?

Empower Energy Solutions offers several compelling advantages for those considering solar power, including financial savings, environmental benefits, and a comprehensive service approach. However, potential customers should be aware of regional availability and the lack of warranty details at this time. [View Best Solar Company.](#)

Does empower energy solutions offer a warranty?

Empower Energy Solutions uses Triple Black Tier-1 solar panels with a 25-year warranty. This commitment to quality ensures the longevity and reliability of your solar system. Empower Energy Solutions may not be available in all regions, limiting accessibility for potential customers.

Who is Empower IT solutions?

Empower IT Solutions is an Australian-owned and operated Information Technology company that provides managed IT services, cloud computing, mobile device management, and software services to businesses in Australia.

About Empower - Empower

Empower Energy was founded in 2010 by Ezra Beeman with the vision of building an intelligent and distributed electricity grid to economically decarbonise our energy usage. We weren't satisfied with the battery offerings on the market, as they lacked the flexibility to adapt to the changing grid and weren't fit for the unique Australian environment.
