

Flinslim solar hybrid inverter

Overview

What is flinSlim Lite solar hybrid inverter?

FlinSlim Lite Solar Hybrid Inverter is a next generation solar inverter, that is easy to install, highly efficient and has a sleek artistic design. FlinSlim Lite series has an in-built PWM solar controller and allows you to save more on your electricity bills.

What is flinSlim MPPT solar hybrid pure sine wave inverter?

Flin Energy introduces upgraded range of FlinSlim MPPT Solar Hybrid Pure Sine Wave Inverters. These are ideal for people with heavy motor loads like air conditioners, water pumps, etc. or face long hours of power cuts. With bigger size of solar array capacity, these high efficiency inverters allow you run all your load on solar power.

How does flinSlim Lite Work?

Solar Enabled: FlinSlim Lite makes going solar easy! Connect solar panels directly to the inverter and the inbuilt solar controller will let you generate free power from solar energy! Unlike other inverters, this inverter powers the load directly using solar power in the day time.

Does flinSlim Lite have a solar controller?

FlinSlim Lite series has an in-built PWM solar controller and allows you to save more on your electricity bills. Its auto-features makes sure that the inverter automatically switches to solar & battery mode as soon as there is a power cut, while during the day time solar power directly powers your home load to provide you maximum savings.

How flinSlim MPPT inverter works?

Just like FlinSlim inverters, FlinSlim MPPT inverters can also power the house load directly from solar power without using battery power or grid power. This mechanism helps greatly in increasing the efficiency of the solution and

reducing costs. Here are more detailed features.

What is flinSlim dual MPPT 5kva-48v?

FlinSlim Dual MPPT 5kVA-48V model comes with 2 x MPPT solar charge controllers built-into the system. Here are more features about this model.
Advanced charging algorithm for improved battery performance
