

# Graduate Microgrid Job Search

## Overview

---

Graduates bring fresh thinking, new perspectives and enthusiasm to our team, we'll give you real responsibility and an opportunity to make an impact from day one - putting the power to supercharge your career in your hands. Our 18-month rotational programmes are made up of three, six-month placements, except for.

Finding the right Graduate Development Programme for you is no easy task. As a Graduate with us, you'll be supported by our ambitious growth strategy which includes a comprehensive.

Be part of solving one of the greatest problems we've ever faced - climate change. When you're ready to start applying, discover the different programmes making a difference to the future of the energy.

MyPlus Students' Club exists to offer specialist careers advice to students who have a disability or long-term health condition. At National Grid, we see ability rather than disability and enable everybody to reach their.
