

# Guoxuan High-tech Energy Storage Photovoltaic Project

## Overview

---

What is Guoxuan Hi-Tech's new battery production base?

According to reports, the Göttingen base is the first battery production and operation base of Guoxuan Hi-Tech in Europe. According to the plan, the project is divided into two phases: brownfield factory and greenfield factory, with annual output targets of 6GWh and 12GWh respectively.

Who is Guoxuan high-tech?

As a key player among China's cadre of EV battery makers leading electrification efforts worldwide, Guoxuan High-Tech (Gotion High-Tech) kicked off 2024 with an agreement to cooperate with Chery Automobile in exploring innovation in passenger cars and commercial vehicles, as well as opportunities in the new energy vehicle market.

Who is Hefei Guoxuan Hi-Tech Power Energy Co?

In the agreement announced Jan. 8., Hefei Guoxuan Hi-Tech Power Energy Co, a subsidiary of Guoxuan, will participate in product development while serving as main supplier. The partnership's scope will encompass battery cell consistency and safety, big data, and even new business areas including electric ships.

What is Guoxuan Hi-Tech?

Guoxuan Hi-Tech will take advantage of the new opportunities of industrial development, comply with the trend, focus on technology-driven, promote the progress of the energy storage industry, and strive to become the leader of the global energy storage industry. "

Who owns Guoxuan battery?

Company Chairman Zhen Li drew inspiration from his 2005 visit to the University of Science and Technology of China and built a team to pursue battery research. Guoxuan launched its high-capacity lithium iron phosphate

(LFP) battery in 2007. In 2021, Volkswagen became the largest shareholder of Gotion High-Tech.

Who is Hefei Guoxuan?

Hefei Guoxuan is responsible for the battery energy storage system on the DC side of the project. After completion, it will become the Electroweb side lithium iron phosphate energy storage power station with the largest unit capacity in China.
