

Hanging solar system planets

Overview

How do you hang planets on a mobile?

Let the planets and dowel dry. They will need to be 100% dry before you hang them on the mobile. Stick the pointed end of the skewer handles from the planets in a large jar and let the planets dry without touching. Clean up your area a little bit while they dry.

How do you hang a planet on a string?

Use a small screwdriver to make a small hole in the top of each ball, then screw in the eyehooks. Next, cut the string or fishing line into various lengths, depending on how you want the planets to hang. Tie one end of each piece of string to an eyehook, and the other end to a piece of tape.
