Free Solar Panels Illinois

Illinois State Solar Programs While Illinois does not have a state-sponsored rebate program, they do offer some of the better and more popular solar incentives in America. Illinois Solar for All (ILSFA) is a program to help income-eligible homeowners, renters, nonprofits, and public facilities install solar panels with zero upfront costs.

Solar and Basics

Illinois Shines supports solar energy across two main project types: Distributed Generation: Solar panels installed directly on the roof or land of a home, school, house of worship, business or other customer site. Community Solar: A large, centralized solar project providing solar bill credits to subscribers who don't have access to their own solar panels.
