

Household wind turbine generator price

Overview

On average, a free-standing 5kW wind turbine may cost between £20,000 and £25,000. How much does a wind turbine cost?

The cost of a domestic wind turbine depends on what type you go for, how big it is, and who installs it. The average cost of a small roof-mounted turbine (between 0.5 kW to 2.5 kW), is about £2,000 5. But these don't generate very much electricity, so it will take a very long time to recoup that cost.

How much does a vertical wind turbine cost?

A new vertical wind turbines costs will depend on the size and type of wind turbine you install, along with the company that installs it and their charges. However, the average cost of a small roof-mounted turbine (between 0.5 kW to 2.5 kW), is about £2,500. On average, a free-standing 5kW wind turbine may cost between £21,000 and £27,000.

How much does a 5kw wind turbine cost?

On average, a free-standing 5kW wind turbine may cost between £20,000 and £25,000. But don't forget that you'll also have to cover the costs of planning permission, preparing the site, and connecting your turbine to the electricity grid. This could bring the total to £30,000-£40,000 6.

How many kW is a domestic wind turbine?

Domestic standalone turbines typically have a capacity of 2-6kW but there are turbines of 10kW, 15kW or even 25kW available for those with greater needs (and funding). Is a domestic wind turbine suitable for my home?

.

How much does a freestanding wind turbine cost?

Freestanding wind turbines are more expensive to install, but they're much more effective if you're serious about going fully renewable or perhaps even

benefitting from the Feed-in Tariff. Prices vary from around £7,000 for a 1.5 kW freestanding wind turbine to around £70,000 for a 15 kW one.

How much does a roof mounted wind turbine cost?

Before you take the option of getting a roof mounted turbine you need to understand that it will probably not provide all the electricity you need (though it may well take the edge of increasing fuel bills over the next 20 years). The average cost of a roof mounted wind turbine is around £3,000-£4,000 which will also need to be maintained.
