

How is Tongwei 555 photovoltaic panel

WORKING PRINCIPLE

Overview

How big is Tongwei solar?

Tongwei Solar's annual production capacity is reported to be 70GW for solar cells and 14GW for solar panels, which makes it one of the bigger players in the solar panel manufacturing market. Tongwei Solar has yet to establish a local office in Australia to support its Australian customers.

Does Tongwei solar have a local office in Australia?

Tongwei Solar has yet to establish a local office in Australia to support its Australian customers. That means the company relies on local distributors like One Stop Warehouse to support their customers' warranty claims. What is a Bloomberg Tier 1 Solar Panel?

Bloomberg's infamous tier 1 ranking is NOT a measure of Solar Panel quality in any way.

How long does a single-glass Tongwei solar panel last?

The single-glass Tongwei solar panels are guaranteed to produce at least 98% of rated performance in the first year and an annual power degradation of no more than 0.55% in the following 24 years. Considering TW Solar does not have an Australian office, this may make the claim procedure more difficult.

What is the quality of Tong-Wei solar cells?

At present, the quality of Tong-wei's solar cells are first class, with technical indicators reaching the top level in the world. The company has become the No.1 manufacturer in the global cell industry with the largest capacity and shipment, the lowest cost, the highest operating rate and the fastest construction speed.

How many solar panels does TW solar have?

TW Solar's last reported annual solar panel production capacity was 14GW

and it was self-reported that this would grow to 80GW by the end of 2023. TW Solar currently has 131 solar panels approved by the Clean Energy Council in Australia under the name “Tongwei Solar (HEFEI) CO LTD”.

Who is Tongwei solar?

Tongwei Solar (HeFei) Co.Ltd. has its own quality laboratory, which is also a witness lab of TOV Rheinland and TOV NORD, with CNAS qualification, enabling the most stringent reliability test. Low-temperature bonding, no cell spacing, using Tongwei made cells to realize high-density layout.
