

How is it working in ftc solar company

Overview

What does FTC Solar do?

FTC Solar manufactures solar tracker systems and solar tracker software. Founded by renewable energy industry veterans, FTC Solar makes single-axis, 2P tracking systems for utility-scale projects worldwide. It also provides engineering services, including foundation analysis, tracker design, and PV site layout.

What happened to FTC solar?

FTC Solar, Inc. (FTCI) reported its first public quarterly results post IPO. The results were impacted in part by increases in steel prices and freight. Shares popped 2.3% to close at \$11.13 on June 8. FTCI is a global provider of advanced solar tracker systems supported by proprietary software and value-added engineering services.

How many GW of trackers has FTC solar delivered?

FTC Solar has delivered over 4.5 GW of trackers across more than 100 utility-scale projects. The FTC Solar team has more than 4.5 GW of trackers delivered around the world including in the US, Vietnam and Australia.

Where is FTC solar located?

Founded in 2017 by a group of renewable energy industry veterans, FTC Solar is headquartered in Austin, Texas with sales and support resources in Australia, India, the Middle East and Southeast Asia. FTC Solar is enjoying rapid worldwide expansion due to the performance of its Voyager single axis tracking system.

Is FTC solar a good investment?

FTC Solar is a small and speculative solar systems company with potential for growth if valuation and growth story play out. FTC Solar reported weak sales in August but mentioned an uptick in project activity and wins and a growing

backlog. Investors must be prudent and mindful of the chart - I spot a key price point to watch.

How much production capacity does FTC solar have?

Through contract manufacturing relationships with factories around the world certified to manufacture the Voyager tracker, FTC Solar has an annual production capacity of 8 GW. *Based on 3rd party comparison of Voyager vs. a selection of other 1P and 2P systems in the marketplace.
