## Overview

---

Jinko solar panels cost between \$2.45 and \$3.09/W on the EnergySage Marketplace - that's \$13,500 to \$17,820 for a 6 kW system before the federal solar tax credit. Who makes Jinko Solar panels?

Jinko, founded in 2006, is a solar panel manufacturer. On this page, you can find a complete list of solar panels from Jinko and compare models side-by-side. Quick facts about Jinko solar panels in the EnergySage Buyer's Guide: Are Jinko solar panels best for you?

How to choose the right solar panels for your needs.

What is a Jinko premium solar panel?

This Jinko premium solar panel operates at 21.76% efficiency to maximize the light absorption area with an improved shading tolerance. This solar panel can be used in on-grid or off-grid solar installations. Make your own power at home with this low priced and highly durable solar panel.

How efficient are JinkoSolar solar panels?

JinkoSolar's panels have efficiency ratings of 18.67% to 21.33%. We use the temperature coefficient to evaluate solar panel performance. The temperature coefficient indicates how well your solar panel can handle less-than-ideal conditions. Solar panels, like other electronic equipment, perform better when kept cool (ideally around 25° C/77° F).

How much does a Jinko Solar System cost?

To identify the range of prices for JinkoSolar PV systems, we analyzed quotes, including JinkoSolar solar panels that homeowners received from installers on the EnergySage Marketplace. Most JinkoSolar PV systems are typically priced between \$2.25 and \$2.97 per watt, which makes them a solid value in the market for home solar.

Where are JinkoSolar solar panels made?

However, JinkoSolar recently opened a solar panel manufacturing facility in Jacksonville, Florida, where they manufacture the aptly named "Eagle" series of American-made solar panels. JinkoSolar panels—and the Eagle series in particular—are increasingly popular in quotes to solar shoppers comparing their options on the EnergySage Marketplace.

Is Jinko Solar a top tier solar company?

Established in 2006, Jinko Solar has rapidly ascended to become a top-tier player in the global solar panel market. This achievement is notable: Bloomberg's 2021 data ranks Jinko Solar as the second-largest solar manufacturer worldwide.
