Many solar panels will have a warranty attached, so if something goes wrong, they can be repaired for little to no cost. Any solar panels installed by us are backed by warranties of up to 30 years, so should something go wrong, the cost of a repair will be fully covered.

How much does a solar panel service cost?

A solar panel service will set you back around £100, but it will also prevent any possible future issues for your solar panel system, and hopefully, lead to 30 long years of solar-soaking panels. Cleaning your solar panels will also help avoid issues, and if you don't want to do this yourself, solar panel cleaning costs £100-£150.

What costs should you consider before installing solar panels?

There are two other potential costs you should look into before installing solar panels, these are maintenance costs and repair costs.

How much does it cost to clean a solar panel?

Over time, dirt, dust and debris, along with bird droppings and other grime, can build up. This can affect the performance of your solar panels. Ideally, you should have your solar panels cleaned every six months or so. This could cost anywhere between £4 and £15 per panel.

How much does it cost to replace a solar inverter?

Replacing the old one with a new inverter, you should budget between £500

and £1,500. Fortunately, you should only pay for this once every ten years if you take good care of your solar panels installed. Having your solar panel system serviced at least once a year is one way to maintain it.

Can you repair a solar panel yourself?

It's not recommended for most homeowners to repair solar panels themselves, as they can be delicate and potentially dangerous if mishandled. It's best to hire a professional solar panel technician. Are solar panel repairs covered by warranties?
