

International journal of electrical power and energy systems impact factor

LPW48V100H
48.0V or 51.2V

Overview

International Journal of Electrical Power and Energy Systems The 2023-2024 Journal's Impact IF of International Journal of Electrical Power and Energy Systems is 5.659, which is just updated in 2024. What is the impact index of the International Journal of electrical power & energy systems?

The latest impact index of the International Journal of Electrical Power and Energy Systems is 6.41. It's evaluated in the year 2022. The highest and the lowest impact index or impact score of this journal are 6.41 (2022) and 4.10 (2015), respectively, in the last 9 years.

What is International Journal of electrical power and energy systems?

International Journal of Electrical Power and Energy Systems is a journal covering the technologies/fields/categories related to Electrical and Electronic Engineering (Q1); Energy Engineering and Power Technology (Q1). It is published by Elsevier Ltd. The overall rank of International Journal of Electrical Power and Energy Systems is 2065 .

What is the impact factor of International Journal of Energy & Power Engineering?

Impact Factor is the most common scientometric index, which is defined by the number of citations of papers in two preceding years divided by the number of papers published in those years. This graph shows how the impact factor of International Journal of Energy and Power Engineering is computed.

What is the impact score of International Journal of power and energy systems?

The impact score (IS) 2022 of International Journal of Power and Energy Systems is 0.30, which is computed in 2023 as per its definition. International Journal of Power and Energy Systems IS is decreased by a factor of 0.26 and approximate percentage change is -46.43% when compared to preceding year 2021, which shows a falling trend.

What is the impact index of International Journal of Electrical Engineering Education?

The latest impact index of the International Journal of Electrical Engineering Education is 1.13. It's evaluated in the year 2022. The highest and the lowest impact index or impact score of this journal are 1.42 (2020) and 0.37 (2014), respectively, in the last 9 years. Moreover, its average IS is 0.9 in the previous 9 years.

When will International Journal of electrical power and energy systems become open access?

From January 1, 2024, International Journal of Electrical Power and Energy Systems will become a full gold open access journal freely available for everyone to access and read. All articles submitted after August 31, 2023, are subject to an article publishing charge (APC) after peer review and acceptance.

International journal of electrical power and energy systems impact

LFP 48V 100Ah

International Journal of Electrical Power & Energy Systems

IEEE PowerTech oM Milan, 25/06/2019 5 Journal of Electrical Power and Energy Systems - JEPES History o In 1978 Prof Tharam S. Dillon, with colleagues, launched JEPES. o The existence of the journal has been strongly linked to contributions from the Power Systems Computation Conference (PSCC)members,

International Journal of Electrical Power and Energy Systems

The International Journal of Electrical Power and Energy Systems is ranked 2065 among 27955 Journals, Conferences, and Book Series. As per SJR, this journal is ...

International Journal of Electrical Power and Energy Systems

Top affiliations and change over time Only papers with recognized affiliations are considered The top affiliations publishing in International Journal of Electrical Power & Energy Systems (based on the number of publications) are: Electric Power Research Institute (196 papers) published 9 papers at the last edition, 28 less than at the previous edition,

International Journal of Power and Energy Systems

III. Other Science Influence Indicators Any impact factor or scientometric indicator alone will not

give you the full picture of a science journal. There are also other factors such as H-Index, Self-Citation Ratio, SJR, SNIP, etc. Researchers may also consider the

Energy

Energy is a journal published by Elsevier Ltd. Check Energy Impact Factor, Overall Ranking, Rating, h-index, Call For Papers, Publisher, ISSN, Scientific Journal Ranking (SJR), Abbreviation, Acceptance Rate, Review Speed, Scope, Publication Fees, Submission

[CSEE Journal of Power and Energy Systems](#)

CSEE Journal of Power and Energy Systems is an international quarterly journal published by the Chinese Society for Electrical Engineering (CSEE) in collaboration with CEPRI (China Electric Power Research Institute) and IEEE, Inc.

International Journal of Electrical Power and Energy Systems Impact

International Journal of Electrical Power and Energy Systems Impact Factor, Indexing, Ranking, Quartile, Abbreviation 2024 - - The Journal is a peer-reviewed journal that publishes original research articles in all areas of Engineering-JournalsInsights is leading academic website offering a comprehensive directory

International Journal of Electrical Power and Energy Systems

Based on the citation analysis of 10,206 articles International Journal of Electrical Power and Energy Systems has published so far, 6% of its articles have received no citation at all. 419 articles (about 4% of the total articles) have received only one citation. 15.23%

International Journal of Electrical Power and Energy Systems

The ISSN (Online) of International Journal of Electrical Power and Energy Systems is - . An ISSN is an 8-digit code used to identify newspapers, journals, magazines and periodicals of all kinds and on all media-print and electronic.
