## International journal of renewable energy research-ijrer impact fact

---

### International Journal of Renewable Energy Research-IJRER

Publisher: Gazi University. IJRER is cited in SCOPUS, EBSCO, WEB of SCIENCE (Clarivate Analytics); IJRER has been cited in Emerging Sources Citation Index from 2016 in web of ...

### International Journal of Renewable Energy Research-IJRER

References L. Jaramillo-Nieves and P. del Río, Contribution of renewable energy sources to the sustainable development of islands: An overview of the literature and a research agenda, in Sustainability. 2010. p. 783-811. U.S.E.I.A. (EIA), Industrial Sector Energy

### International Journal of Renewable Energy Research-IJRER

IJRER - International Journal of Renewable Energy Research is quarterly published, open source journal and operates an online submission with the peer review system in sustainable energy future. International Journal of Renewable Energy Research-IJRER

### International Journal of Renewable Energy Research-IJRER

The International Journal of Renewable Energy Research (IJRER) seeks to promote and disseminate knowledge of the various topics and technologies of renewable (green) energy resources. The journal aims to present to the

international community important results of work in the fields of renewable energy research, development, application, or design.

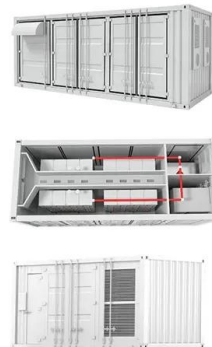

### International Journal of Electrical Power & Energy Systems

From January 1, 2024, International Journal of Electrical Power and Energy Systems will become a full gold open access journal freely available for everyone to access and read. All articles submitted after August 31, 2023, are subject to an article publishing charge (APC) after peer review and acceptance.

### International Journal of Energy Research: Vol 2024, No 1

International Journal of Energy Research, 9895219 First Published: 28 August 2024 This article retracts the following:,, Full text PDF References Research Article

### Renewable Energy , Journal , ScienceDirect by Elsevier

The journal, Renewable Energy, seeks to promote and disseminate knowledge on the various topics and technologies of renewable energy systems and components. The journal aims to serve researchers, engineers, economists, manufacturers, NGOs, associations and societies to help them keep abreast of new developments in their specialist fields and to apply alternative ...

### **International Journal of Renewable Energy Development - DOAJ**

A peer-reviewed, open access journal in sustainability, engineering, environment & energy development. This website uses cookies to ensure you get the best experience. Learn more about DOAJ's privacy policy.

### **Learn about International Journal of Sustainable Energy**

\*Please note that the International Journal of Sustainable Energy converted to a full Open Access journal from Volume 42 (2023). Previous volumes will continue to provide access through a Pay to Read model. The International Journal of Sustainable Energy publishes the latest research on the science and engineering of sustainable energy systems.

### **International Journal of Renewable Energy Research-IJRER**

Abstract. One of the critical challenges and issues of today's societies is disrupting the order of the environment, then getting the environment out of balancing; consequently, the degradation ...

### **International Journal of Renewable Energy Research**

The results of the review are very in-depth. Our articles were reviewed by 3 reviewers, the response of the editors and reviewers was very fast and responded to the responses from the ...

### **International Journal of Energy and Environmental Engineering**

The International Journal of Energy and Environmental Engineering (IJEEE) is a multi-disciplinary, single-blind peer-reviewed hybrid journal, covering all areas of energy and environment related fields that apply to the science and engineering communities. IJEEE aims to promote rapid communication and dialogue among researchers, scientists, and engineers working in the ...

### **International Journal of Renewable Energy Research-IJRER**

IJRER - International Journal of Renewable Energy Research is quarterly published, open source journal and operates an online submission with the peer review system in sustainable energy future. International Journal of Renewable Energy Research-IJRER

### **International Journal of Renewable Energy Research**

International Journal of Renewable Energy Research is an academic journal published by Gazi University. The journal publishes majorly in the area(s): Photovoltaic system & Renewable energy. It has an ISSN identifier of 1309-0127. Over the lifetime, 1944 publications have been published receiving 15497 citations. The journal

is also known as: IJRER.

### International Journal of Renewable Energy Research (IJRER)

The International Journal of Renewable Energy Research (IJRER) seeks to promote and disseminate knowledge of the various topics and technologies of renewable (green) energy resources. The journal aims to present to the international community important results of work in the fields of renewable energy research, development, application, or design.

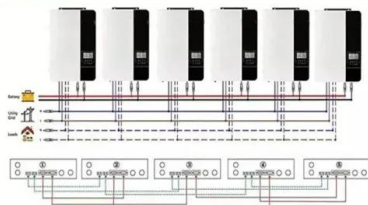

### International Journal of Energy Research

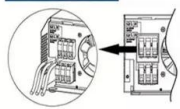

International Journal of Energy Research is dedicated to providing a multidisciplinary, unique platform for researchers, scientists, engineers, technology developers, planners, and policy makers to present research ...

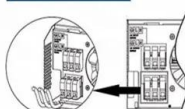

Parallel (Parallel operation up to 6 unit (only with battery connected))

AC input wires

AC output wires

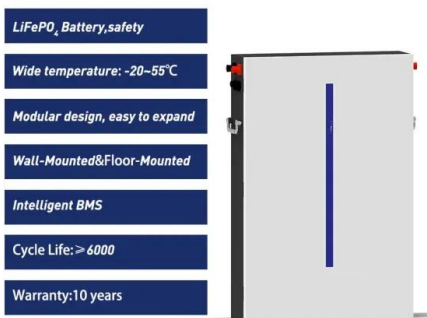

### International Journal of Renewable Energy Research-IJRER

International Journal of Renewable Energy Research (IJRER) 5.1 (2015): 1-13. Khan, Naveed Ahmed, et al. "Combined emission economic dispatch of power system including solar photo voltaic generation." Energy Conversion and Management 92 (2015): 82-91.

### International Journal of Renewable Energy Research-IJRER

IJRER - International Journal of Renewable Energy Research is quarterly published, open source journal and operates an online submission with the peer review system in sustainable energy ...

### Submissions , International Journal of Renewable Energy ...

International Journal of Renewable Energy Resources Current Archives Announcements About About the Journal Submissions Photochemical Devices, Bio and hydrogen energy. IJRER accepts original research papers or any other original contribution in the

### International Journal of Renewable Energy Research-IJRER

All articles published in the International Journal of Renewable Energy Research, IJRER, are licensed under an open access Creative Commons CC BY 4.0 license, meaning that anyone may download and read the paper for free.

### International Journal of Energy Research , Wiley

The International Journal of Energy Research (IJER) is dedicated to providing a multidisciplinary, unique platform for researchers, scientists, engineers, technology developers, planners, and policy makers to present their research results and findings in a compelling manner on novel energy systems and applications. IJER covers the entire spectrum of energy from production to ...

### About the Journal

IJRER - International Journal of Renewable Energy Research is quarterly published, open source journal and operates an online submission with the peer review system in sustainable energy future. International Journal of Renewable Energy Research-IJRER

### International Journal of Renewable Energy Research

International Journal of Renewable Energy Research is an academic journal published by Gazi University. The journal publishes majorly in the area(s): Photovoltaic system & Renewable ...

### About the Journal

IJRER - International Journal of Renewable Energy Research is quarterly published, open source journal and operates an online submission with the peer review system in sustainable energy ...

### International Journal of Renewable Energy Research-IJRER

A. AlKassem and M. AlKabi, "A TOPSIS Model to Support Smart Appliance Decision Energy Management in Smart Grid," 2022 11th International Conference on Renewable Energy Research and Application (ICRERA), Istanbul, Turkey, pp. 534-539, 2022.

### China's Potential for Trade in Renewable Energy Products in ...

China's renewable energy products have an important place in international trade, and the conclusion of the RCEP agreement can create favourable external conditions for China's renewable energy pro Guo and Mai [] used a modified BP neural network trade gravity model to measure the theoretical value of exports, but there is a "black box" problem in this ...

ESS

### International Journal of Renewable Energy Research (Online)

International Journal of Renewable Energy Research (Online) Resource information. Archival Status. Title proper: International Journal of Renewable Energy Research. Abbreviated key ...

### International Journal of Renewable Energy Research (IJRER) ...

The International Journal of Renewable Energy Research (IJRER) seeks to promote and disseminate knowledge of the various topics and technologies of renewable (green) energy ...

### [International Journal of Energy Research](#)

International Journal of Energy Research (IJER) is dedicated to providing a multidisciplinary, unique platform for researchers, scientists, engineers, technology developers, planners, and policy makers to present their research results and findings in a compelling manner on novel energy systems and applications.

### International Journal of Green Energy

1 ??· Publishes papers on energy, energy conversion, energy management and energy conservation, particularly in advanced, sustainable and green energy technologies. International Journal of Green Energy shares multidisciplinary research results in the fields of energy research, energy conversion, energy management, and energy conservation, with a particular interest in ...

Deye inverters and Deye batteries are more compatible.

### **International Journal of Renewable Energy Research-IJRER**

June 2024 issue published Dear Colleagues and Friends, We have just published the Vol.14, No2, June 2024 issue. With your invaluable supports, the impact factor of IJRER will be increased this year. Its quartile is Q4 in WoS and Q3 in SCOPUS for the year 2024.
