How much does a Jackery 700 plus weigh?

Industry-leading safety: Dual chip intelligent protection, double voltage monitoring. Jackery 700 Plus weighs 22 lbs, has a capacity of 680Wh, an output power of 100W, supports fast charging for multiple devices simultaneously, and offers various charging methods, making it convenient for outdoor camping. Note: This is a calculation for reference.

Is Jackery explorer 1000 plus better than Jackery 500?

Product Image: Use Jackery Explorer 700 Plus to charge the camera and laptop. From this Jackery 500 vs. 700 Plus vs. 1000 Plus guide, it's evident that Jackery Explorer 1000 Plus might be a better choice if you want a more powerful generator and won't mind lugging around some extra pounds.

How long does a Jackery 700 plus battery last?

Boasting a durable 10-year lifespan with Lithium Iron Phosphate (LiFePO₄) Battery, the Jackery 700 Plus provides a constant voltage and pure sine wave, ensuring safety for all your electrical appliances. The innovative ChargeShield technology and stable power output also protect against potential equipment damage.

Is Jackery a good brand?

Over the past decade, Jackery has established a great name in the solar generator and power station industry. While the compact Jackery Explorer 500

has been around for years, Jackery recently added new models to its Plus series: Jackery Explorer 700 Plus and Jackery Explorer 1000 Plus.

Which Jackery power station should I buy?

The Jackery Explorer 500, Jackery Explorer 700 Plus, and Jackery Explorer 1000 Plus are excellent choices for powering a wide range of appliances, but they differ in certain aspects. For instance, the Jackery Explorer 500 is a lightweight and compact power station solution for outdoor activities.
