Overview

What is Kawar Energy?

Kawar Energy is a company with over 100MW of operational solar PV and a further 100MW awarded in the pipeline. They focus on bringing clean, green, and sustainable technologies, solutions, and services related to energy, water, and the environment.

Who is Kawar Group?

Kawar Group traces its roots to the pioneering business spirit of its founders at the beginning of the 20th century. We believe in giving back to our community and empowering the next generation of leaders in our society. Kawar Group's most important asset is its people, join one of our group companies today.

How did the Kawar Group start?

The beginnings of the Kawar Group trace back to Amin Kawar, who first established the Jordan Phosphate Mines Co. (JPMC) in 1935 following his discovery of Phosphate in Russeifa, Jordan as a passionate geologist. Amin had previously established the Amirate Pharmacy in Amman, the Kingdom's first in 1926.
