

Littech energy

Voltage range:691.2-947.2V

>6000 cycles(100%DOD)

Rated battery capacity:
216KWH (customizable)

EMS communication:
4G/CAN/RS485

Overview

Who is LithTech energy?

Shenzhen Lithtech Energy Co., Ltd. Is a high-tech enterprise, specializing in R&D and marketing of Lithium rechargeable battery products. With technical creativity and scientific management, Lithtech has established a first class team of engineers, designers, R&D innovators, product managers, quality assurance and sales/customer service.

What are the products of LithTech Energy GmbH?

Products - Lithtech Energy GmbH Energy storage system, RV/Golf carts/EV/AGV battery, Marine battery, Portable power station - THE EXPERT OF LITHIUM BATTERY Lithtech Energy GmbH Home Products TE Series TW Series HP Series TA Series TS Series White Shark Application Energy Storage System EV/Golf cart/Cleaning car/RV Marine/Boat Blogs.

Why should you choose LithTech energy?

We also provide the full services of customized battery products, including battery design, development, selection cells and BMS, Charger, We serve a full range of battery solution and one-stop shopping resources for customers. That's why more and more people know Lithtech Energy at home and abroad.

What is litech power?

LiTech Power offers comprehensive power solutions with lithium technology. In-house developing and producing custom-made li-ion batteries, li-polymer batteries, LiFePO4 batteries, LTO batteries for industry, mobility, military, medial, house-holds, consumer items and so on.

What is LithTech?

LithTech is a video game engine with development tools and runtime environments for playing video games on various platforms. Users may

compile game level resources with Lith Tools' DEdit utility to output a binary DAT (game level file) which the game uses.

Where is Lith-Tech Ltd based?

LITH-TECH Ltd is registered in England and Wales with company number 10917307. Trading Office: Unit 8, Hurlands Business Centre, Farnham, Surrey, GU9 9JE. Registered Office: C/O Mulberry & Co Eastgate House, Dogflud Way, Farnham, Surrey, England, GU9 7UD. VAT number 299761139.

Lithtech energy

How does Lithtech Battery work for Peak Shaving?

By integrating Lithtech's cutting-edge technology, companies can optimize their energy usage, save on operational costs, and contribute to a more stable and sustainable energy grid. If you're looking to reduce your energy expenses through peak shaving, it's time to explore the full potential of Lithtech Batteries .

LithTech 04HC , Battery Energy Storage System

LithTech 20HC LithTech's Energy Storage Systems are some of the safest, most energy dense, and smartest systems on the market today. Every system is covered by a comprehensive warranty with 10 years of performance assurance. The 04HC system is a

Shenzhen Lithtech Energy Co., Ltd. , Solar Components , China

Founded in 2017, Shenzhen Lithtech Energy Technology Co.,Ltd committed to the clean and intelligent New Energy industry, to provide

customers with the most competitive, safe and reliable lithium battery products and solution. Lithtech products are widely used

News

Shenzhen Lithtech Energy Co.,Ltd UPS protects your IT equipment from power supply problems through the following functions: prevent equipment damage caused by surges and power peaks, and can continuously adjust input power to provide clean and stable

Energy storage System

China Energy Storage Network News: According to foreign media reports, the US utility company NV Energy recently released an Integrated Resource Plan (IRP) for the procurement of three solar + energy storage projects and one large-scale transmission line

Why Do Lithium Batteries Drop in Capacity During Winter?

Understanding Lithium Batteries and Weather Conditions Lithium batteries, much like humans, have a distinct aversion to extreme weather--particularly cold temperatures. As the mercury drops during winter, these batteries often lose capacity and operating efficiency. But why does this happen? The explanation lies within their fascinating internal chemistry. Inside each lithium ...

[Shenzhen Littech Energy Co.,Ltd](#)

Littech Energy primarily exports to regions including North America, Europe, Australia, South Africa, the Middle East, and Southeast Asia. The company invests heavily in research and technology, dedicating 15% of its annual revenue to R& D, with R& D staff making up 20% of its workforce. Currently, it holds over 60 intellectual property rights, including 3 ...
