Overview

Does long Island power solutions offer a free solar panel consultation?

Long Island Power Solutions says it offers potential customers a free solar panel consultation to determine if solar energy is appropriate for a home. The company says if you choose to go forward with installation, its representatives will do a survey of the home and determine the best financing options available.

Will long Island Power Authority become a public utility?

Credit: Newsday/John Paraskevas A state commission on Friday voted to approve a final report and proposed legislation on the future of the Long Island Power Authority as a fully public utility, projecting annual savings of upward of \$80 million and creating a bigger role for an expanded, and paid, LIPA board.

What is the Long Island Power Authority?

The Long Island Power Authority is a state agency that was formed to take over a private power company — one with a deeply troubled history — called Long Island Lighting Co., or LILCO. "It came to our attention because we were investigating a number of unions in Long Island, and one of them was a security guards union," McCallion says.

Can solar power Long Island homes?

Yes, solar power has the potential to generate more electricity than Long Island uses each year, enough to power approximately 4.8 million homes.

Why is solar a good option for Long Island power solutions?

Solar is efficient, without any of the waste that is seen on the grid. Solar is more reliable, especially with a battery backup system. Solar is more affordable, with significant savings even when financing a system. Every Long Island Power Solutions solar installation comes with a 25 Year Warranty! Solar

works year-round.

What are people saying about solar installation services in Long Island?

What are people saying about solar installation services in Long Island, NY?

"We have had solar panels installed for over a decade (since Superstorm Sandy.) Had a maintenance check and our techs Alex and Antonio were amazing. Very polite and professional!"
