

Longi Solar PV Panel 570

Overview

What is the performance of LONGi Solar panels?

The conversion efficiency is up to 22.3% and output power ratings in mass production reaches 570W. The Hi-MO N was designed for applications on surfaces with high reflections, high temperature, limited land and high labour costs. LONGi solar panels come with an industry standard warranty of 10-year product and 25-year linear performance.

What types of solar panels does Longi offer?

LONGi has two main series of solar panels: Hi-MO 4, and Hi-MO 5, which have a variety of different options to suit residential, commercial and utility-scale projects. The Hi-MO 4 series uses gallium-doped silicon cells which improves the solar panels resistance to LID.

What is LONGi?

LONGi is a leading company in the solar PV industry, supplying high-efficiency solar wafers and modules worldwide. LONGi's innovations and optimized power-cost ratio have brought the industry to new heights, with an annual supply of more than 30GW. About a quarter of global market demand is met by LONGi.

Who makes LONGi Solar panels?

LONGi solar panels are made by a wholly-owned subsidiary of the Chinese company, LONGi Group, LONGi Solar.

Which LR5-72HTH-570M solar module is best?

The LONGi Solar LR5-72HTH-570M solar module with its nominal power output of 570 Watt is an ideal choice for fulfilling all your solar energy requirements. This solar module, offering an efficiency rating of 22.07%, ensures optimal solar energy conversion and increased power production.

What is a Longi monofacial LR5-72HTH-570M HiMo6 Explorer version 2?

With its advanced module technology, the Longi panel supports high mechanical loads (wind load and snow load) and ensures long-term reliability. Discover the Longi Monofacial LR5-72HTH-570M HiMo6 Explorer Version 2, a cutting-edge solar panel delivering exceptional efficiency and durability.
