

Longji Photovoltaic Panel Recruitment Information

Overview

What is LONGi Solar Technology?

The breakthrough technology enhances light absorption and module power output, setting a new industry standard. Additionally, LONGi achieves a groundbreaking 33.9% efficiency in crystalline silicon-perovskite tandem cells, solidifying China's position at the forefront of solar innovation.

What is Longi & how will it impact the PV industry?

LONGi aligns itself with Dr Green's prediction for the technology's trajectory, anticipating the rise of back-contact cells to become the main choice of the PV sector over the coming 5-6 years, redefining the industry landscape with a combination of high efficiency and aesthetics.

Where is Longji green technology based?

The Xi'an-headquartered Longji Green Technology Co has two offshore plants in Malaysia and Vietnam, accounting for about 1% of its total wafer capacity and 20% of its cell and module products capacity.

Will Longi Green Tech make more solar plants overseas?

Longi Green Tech , the world's biggest monocrystalline silicon solar maker, is looking to set up more manufacturing plants overseas, aiming to seize a bigger market share and avoid hefty U.S. import tariffs.

Where is Longi 2.8gw new solar module plant located?

Recently, the LONGi 2.8GW New Solar Module Plant constructed by CSCEC in Malaysia went into operation. The project is located in the UMW industrial park in Selangor, Malaysia, employing the most advanced technology, processes, and equipment in the photovoltaic industry.

Why should you choose LONGi Solar modules?

Our solar modules help accelerate the clean energy transition, making the world healthier and more sustainable. LONGi's technological and manufacturing leadership in solar wafers, cells and modules underscores our commitment to helping accelerate the clean energy transition.

Longji Photovoltaic Panel Recruitment Information

GRADE A BATTERY

LiFepo4 battery will not burn when overchargedover discharged, overcurrent or short circuitand canwithstand high temperatures without decomposition.

LONGi Solar

LONGi Solar , 306,964 followers on LinkedIn. Propelling the transformation #SolarforSolar #RE100 #EV100 #EP100 , Founded in 2000, LONGi Green Energy Technology Co., Ltd. (LONGi for short) aspires
