

Lynx lithium battery review

Overview

What is a goodwe Lynx battery?

The GoodWe Lynx Home U Series represents a cutting-edge, low-voltage lithium battery meticulously crafted to deliver exceptional performance tailored specifically for residential use. Engineered to seamlessly integrate with GoodWe ES and SBP inverters, this battery harnesses the safest battery technology available, utilising LFP chemistry.

What is a Lynx home U series lithium battery?

The Lynx Home U Series lithium battery from GoodWe is designed for residential applications that need superior performance and Lynx Battery LFP technology.

Are Lynx batteries safe?

Currently, GoodWe offers several different home battery lines under the Lynx banner for residential applications in Australia. They all utilise Lithium Iron Phosphate (LFP/LiFePO₄) chemistry, which is widely regarded the safest of commercially available lithium-ion energy storage technologies.

How much does a lynx battery cost?

One of the standout battery products is GoodWe's new Lynx Home U Series battery, which is very cost-effective, coming in at a little over \$3000 for a 5.4kWh battery. This equates to around \$600 per kWh making it one of the most affordable home batteries on the market.

Which Lynx batteries are compatible with goodwe BH/eh/BT/et inverters?

The Lynx Home F Series is a high voltage battery compatible with GoodWe BH/EH/BT/ET inverters and available in capacities ranging from 6.6kWh to 16.4kWh. Also a modular system, the Lynx Home F Series provides 5.12 kW to 12.80 kW power depending on the configuration used. Lynx F G2 is another modular high-voltage battery system.

What is a goodwe Lynx f g2 battery?

Home » GoodWe Solar Inverters, Batteries & EV Chargers » GoodWe Lynx F G2 Series Battery Review The GoodWe Lynx F G2 Series is a high-voltage battery storage solution for Australian homes and commercial properties.
