

# Machang Solar Power Generation

## Overview

---

What is the Machang photovoltaic power project in Malaysia?

The Machang photovoltaic (PV) power project in Malaysia has been put into operation, becoming a new force to drive economic and social development in the country.

What is Machang solar PV Park?

Machang Solar PV Park is a 45MW solar PV power project. It is located in Kelantan, Malaysia. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently active. It has been developed in a single phase. Post completion of construction, the project got commissioned in 2020. Buy the profile [here](#).

What is the capacity of Kuala Muda & Machang solar power plants?

The Kuala Muda solar power plant has a capacity of 45 MWp and achieved commercial operation on 22 March 2022. Meanwhile, the Machang solar power plant has similar capacity of 45 MWp with expected commercial operation by 3rd quarter 2022.

Will PEB acquire BKH & Machang solar power plant?

Further, PEB will acquire 51% interest in the BKH solar plant, which is currently under planning phase with a proposed capacity of 330 MWp, and Machang solar power plant of 45 MWp plus the land it sits on, for purchase consideration of RM231.9 million to be satisfied via issuance of 214.5 million PEB shares.

Where will PEB acquire solar power assets in Kuala Muda & Kedah?

In the Supplemental SSA II entered into today, PEB amongst others, agrees to acquire 2 additional solar power assets located in Kuala Muda, Kedah and Machang, Kelantan respectively, along with the parcels of land where the assets sit on. The Kuala Muda solar power plant has a capacity of 45 MWp and

achieved commercial operation on 22 March 2022.

How many solar plants does renikola have in Malaysia?

Managing Director of reNIKOLA, Boumhidi Adel, said, “With this latest acquisition the group now officially operates five solar photovoltaic plants in Peninsular Malaysia with an aggregate of 178 MWdc in generating capacity. In addition to solar, we also have interests in biogas and mini hydropower plants as well.”

## Machang Solar Power Generation
