17 Solar Panels found in Malta & Gozo

Solar panels or photovoltaic panels are a fantastic investment for homes and businesses in Malta. With more than 300 days of sunshine every year, Malta is the perfect place to use solar energy. By installing solar panels, you can lower your electricity bills and help create a greener, more sustainable future.

Solar panel

Solar array mounted on a rooftop A solar panel is a device that converts sunlight into electricity by using photovoltaic (PV) cells. PV cells are made of materials that produce excited electrons when exposed to light. The electrons flow through a circuit and produce direct current (DC) electricity, which can be used to power various devices or be stored in batteries.
