

# Master who can make photovoltaic panels

## Overview

---

This course is taught at Masters level. Teaching is delivered through MyAberdeen, our online Virtual Learning Environment (VLE). It holds all the materials, tools and support you'll need in your studies. Take a look around MyAberdeen. You can access your learning materials on computer, smartphone and laptop, 24 hours a.

This Masters-level short course is delivered by our School of Engineering. You'll learn from a team of internationally experienced engineering.

Your course content is also developed and reviewed by an Industry Advisory Board. This group of experienced professionals ensures your learning is always in line with the latest industry trends, technology and career opportunities.

## Master who can make photovoltaic panels
