

Milestone energy

Overview

Who is milestone electric?

Milestone Electric is a family-owned and operated electrical contracting company that has served the Portland Metro and SW Washington communities since 2003. Our mission is to combine the needs and desires of our customers with the talents and unmatched service of our electricians to provide value and uncompromised satisfaction.

Who is milestone environmental services?

We are a leading environmental services and carbon management company. We are Milestone Environmental Services, your carbon sequestration partner. Explore our vast array of carbon sequestering services to meet your net-zero goals.

What is Milestone Inc?

Milestone Inc, a premiere MarTech software and solutions brand, is announcing a series of technology updates and integrations. Milestone offers a suite of MarTech products, including the proprietary best-in-class, SEO-first CMS platform technology.

What does Milestone Do?

Milestone provides environmental infrastructure services that enable customers across various sectors to reduce their carbon footprint and enhance their ability to meet sustainability goals.

Why should you work at Milestone electric?

Milestone Electric employs the best journeymen in the industry by partnering with the Northwest Institute of Electrical Technology Apprenticeship program. We take pride in our employees and take care of them, so they can take care of you. Once you meet our team, we're confident you'll never want to work with anyone else.
