

# **Nationally renowned photovoltaic bracket company**

## Overview

---

Who is versolsolar?

It is one of the largest professional manufacturers of photovoltaic brackets in China and the Asia-Pacific region. As a global leader in photovoltaic mounting structure product manufacturing and system solutions, Versolsolar is committed to becoming a global leader of high-end equipment and intelligent services in new energy industry.

Can versol mount a photovoltaic power station?

Versol's V-Basic mounting system can be applied to photovoltaic power station in different terrain and environment. The product range includes a wide range of models and styles, and is highly adaptable.

What is the largest single unit PV project in the Philippines?

Signed the largest single unit PV project of 60MW in the Philippines. Japan's first tracker project is officially combined to the grid. Obtained title of Zhejiang Photovoltaic power generation system enterprise research institute. Signed domestic and foreign tracker projects orders over 500MW.

Is the solar PV market growing?

The solar PV market has been growing for the past few years. According to solar PV research company PVinsights, worldwide shipments of solar modules in 2011 was around 25 GW, and the shipment year-over-year growth was around 40%. The top five solar module producers in 2011 were: Suntech, First Solar, Yingli, Trina, and Canadian.

How many production bases does solar power company have?

The company operates three major production bases, encompassing nearly 50,000 square meters of production area. Its main business includes various photovoltaic fixed ground mounting structure, distributed mounting structure, tracking photovoltaic mounting structure, building mounting structure, and

distributed power station development, etc.

Where are the top ten polysilicon & solar module manufacturers?

According to EnergyTrend, the 2011 global top ten polysilicon, solar cell and solar module manufacturers by capacity were found in countries including People's Republic of China, United States, Taiwan, Germany, Japan, and Korea.
