Overview

How long does a optimate 1 battery take to charge?

When handling batteries or in their vicinity, always take care to observe the SAFETY WARNINGS above. Charging time: The time required for the OptiMate 1 to complete a charge on a flat but otherwise undamaged battery is roughly equal to 1.5x the battery's Ah rating, so a 32Ah battery should take no more than about 48 hours to progress to Step 3.

Does optimate lithium counter discharge?

OptiMate Lithium will counter discharge by connected circuitry or battery self-discharge. TIP: At least once every two weeks, check battery status. IMPORTANT: When handling batteries or in their vicinity, always take care to observe the SAFETY WARNINGS above. 6. LED #6 flashing / blinking - BATTERY is not holding charge / charging suspended.

How many volts does optimate take?

If applicable, carefully and exactly follow acid filling instructions. AC SUPPLY: GLOBAL 100-240Vac 50-60Hz. For safety reasons, the OptiMate output will only activate if a battery retaining at least 4V is connected.

How do I activate the Optimate output?

1. LED #1 - Power on. Confirms AC power supply to the charger. For safety reasons, the OptiMate output will only activate if a battery retaining at least 4V is connected. No charging following connection to a 12V battery -voltage below 4V or wrong output connections. Swap around to activate output. 2. Charge and charge verification.

How long does it take to charge a lithium ion battery?

STEP1: PULSE LOW VOLT SAVE (from 4V) : Current up to 0.6A is delivered in pulses to prepare the battery to accept normal charge. Charge time: Minimum 15 minutes, maximum 2 hours. STEP2: CHARGE: The BULK CHARGE stage (

LED #2) delivers a constant current of about 0.6 Amps maximum into the battery, up to a voltage of 14.2 -14.5V.

Can the Optimate 24-7 battery be used?

The battery can be used. If left connected (recommended), battery health is confirmed, followed by the OptiMate 24-7 maintenance that maintains the battery at full charge. 5.1 Health test starts immediately after LED #5 lights.
