

Photovoltaic conference 2016

Overview

What is the European photovoltaic solar energy conference & exhibition?

Welcome to the 41st European Photovoltaic Solar Energy Conference and Exhibition. The innovation platform for the global PV solar sector.

What is PV solar conference?

It is the world-renowned science-to-science and science-to-industry platform with a full and only focus on the global PV Solar sector. The conference programme is coordinated by the European Commission Joint Research Centre. Let's make the West (of Europe) heat the best! Organised by WIP & EHP Let's make the West (of Europe) heat the best!.

What is the International Photovoltaic Science & Engineering Conference (PVSEC)?

The International Photovoltaic Science and Engineering Conference (PVSEC) is a renowned event that has been held since 1984.

What is the solar power conference?

The conference gathers together developers, independent power producers and module suppliers to the U.S. solar market as well as EPCs, banks, investors, technical advisory and testing & certification specialists. The inaugural conference sold out last year, so do add this one to your diary for 2023!.

What is EU PVSEC?

The innovation platform for the global PV solar sector. The EU PVSEC is the largest international Conference for Photovoltaic research, technologies and applications and at the same time a PV Industry Exhibition, where specialized PV Industry presents technologies, innovations and new concepts in the upstream PV sector.

What is PVSEC 2024?

The conference scientific programme is coordinated by the European Commission Joint Research Centre. The over 40 year long history and the diverse programme of the EU PVSEC makes it a landmark event in the scientific PV sector. For 2024, we are more than delighted to welcome you in person from 23 - 27 September in Vienna, Austria.
