How important is a solar panel service?

An annual solar panel service and regular solar panel maintenance are important. An issue with your solar PV (photovoltaic) system, whatever the cause, may not be noticeable to you right away, but will have a huge impact on your electricity bill and any SEG payments.

How much does a solar maintenance package cost?

Our maintenance package ensures that your solar panels are performing to

the best of their ability, maximising returns and keeping your energy bills and carbon footprint as low as they can possibly be. For a monthly fee of £22.99, solar PV owners can get full protection for solar repairs and servicing on their system.

How much does a solar panel service cost?

A solar panel service will set you back around £100, but it will also prevent any possible future issues for your solar panel system, and hopefully, lead to 30 long years of solar-soaking panels. Cleaning your solar panels will also help avoid issues, and if you don't want to do this yourself, solar panel cleaning costs £100-£150.
