

Photovoltaic panel assembler job content

Overview

You could gain the skills to help you become a solar panel installer at college by completing a course such as a City & Guilds Level 2 or 3 Diploma in Electrical Installation. You'll need: 1. 2 or more GCSEs (or equivalent) at grades 9 to 3 (A* to D) (level 2 course) 2. 4 - 5 GCSEs (or equivalent) at grades 9 to 4 (A* to C).

You could work towards becoming a solar panel installer by completing an intermediate apprenticeship in electrical installation. This will take.

Work experience is essential to gaining employment within the construction industry. You could gain this at school, or by working weekends and.

If you have some GCSEs (or equivalent), including English and maths plus good practical skills, you may find work as an electrician's mate, assistant, or trainee electrician. Your employer may support you to train to become.
