

Photovoltaic panels were retaliated by the store owner due to bad reviews

Overview

How many complaints are there about solar panels?

Debbie Enever, from the Financial Ombudsman Service, said: "We have got about 2,000 complaints about solar panels at the moment and more coming through every week." Loans for solar panels were taken out through Barclays Bank, which said: "We always seek to ensure customers are satisfied with our financial products."

What happened to PV solar UK?

PV Solar UK went into liquidation in 2017. Robert Skillen, who was the director of the firm when Mr Thompson bought his system, said Mr Thompson's panels would make him money. Mr Skillen is now in business claiming to help people who have been mis-sold solar panels. He did not want to be interviewed.

Are solar panels being refunded if they've been mis-sold?

Thousands of pounds are being refunded to those who were mis-sold solar panels and, in many cases, it is the financial institutions that underwrote the loans who are having to settle claims for mis-selling.

Are You mis-sold loans to install solar panels?

The Financial Services Ombudsman has received around 2,000 complaints from people who claim they were mis-sold loans to install solar panel systems that didn't deliver the promised returns. Many people installed solar panels with the expectation that they would save thousands in electricity costs and even make money by generating power.

How many complaints did the FTC make about solar panels?

The FTC released a total of 1,219 complaints in response to CfA's Freedom of Information Act (FOIA) request for complaints pertaining to the sale or leasing of solar panels and their installation on the roofs of customers' homes from 2012 to the present.

Should consumers be worried about shoddy Solar Contractors?

The report warned consumers about shoddy solar contractors and problematic leasing arrangements, highlighting, for example, a Maryland complaint regarding an 84-year-old man who had been induced to sign a 20-year lease for solar panels. Attorneys general are also taking steps to protect consumers from rooftop solar companies.
